Unusual Enrollment History

• Beginning with the 2013-14 award year, the Department added an Unusual Enrollment History flag
  - Intended to address possible fraud in the Title IV programs

• We are concerned about an enrollment pattern in which a student:
  - Attends long enough to receive Title IV credit balance funds, then withdraws without completing the enrollment period
  - repeats this pattern at other institutions, enrolling long enough to collect Title IV credit balances but not earning academic credit

UEH Legislative Authority

- 484(a)(4)(A) of the Higher Education Act requires students to sign a Statement of Educational Purpose
  - by signing the Statement of Educational Purpose (included on the FAFSA), a student certifies that Title IV aid received will only be used to meet educational costs

UEH Flags

Flag value of ‘N’
- Indicates there is no Unusual Enrollment History
  - No ‘C’ Code, and no action required by the institution

Flag value of ‘2’
- Indicates an Unusual Enrollment History that requires review of the student’s enrollment records at current institution
  - Example: a UEH Flag value of ‘2’ may be generated when a student received Title IV aid at three institutions over two award years

Flag value of ‘3’
- Indicates that the institution must review academic records for the student and, in some instances, must collect additional documentation
  - Example: UEH Flag value of ‘3’ may be generated when a student received Title IV funds at three or more institutions in one award year
**UEH Flag – ISIR**

- NSLDS has edits to identify records with Unusual Enrollment Histories

UEH – NSLDS Postscreening

- CPS system generates a new transaction with Reason Code 24 for records that have a change in the NSLDS Unusual Enrollment History Flag value after the initial pre-screening.

UEH – Changes for 2015-2016

- For 2013-2014 and 2014-2015, UEH Flag was based on Pell Grant disbursement information over the prior three award years.

- Beginning in 2015-2016, UEH Flag is based on both Pell Grant and Direct Loan disbursement information, over the prior four award years.

- During the 2013-14 application cycle, 1.0% of applications were flagged for having an Unusual Enrollment History (UEH).
- For the 2014-15 cycle, that figure remained at approximately the same level.

UEH – Institutional Impact

- On average, first-reported institutions on the FAFSA see about 1.1% of their applicants flagged for UEH. However, there is some variation:
  - 54% of schools have 0.8% of applicants flagged
  - Virtually all schools (99%) had no more than 6.0% of applicants flagged

UEH – Demographics

- Overrepresented among applicants with UEH Flags are females and those pursuing certificate or associate degrees.
- A large percentage of those flagged report having a freshmen grade level.

- Applicants in the 2013-2014 cycle with a UEH Flag value of 2 saw similar disbursement rates (64%) to students with no Flag. Those with Flag 3 received aid disbursements at a much lower rate (48%).

**Reminders**

- The UEH resolution process is distinct from Verification
- Schools have the option of self-selecting students for UEH review

**UEH – Flag Value ‘N’**

No action is necessary
UEH – Flag Value ‘2’ Resolution

Must review enrollment and financial aid records to determine if, during the four-award-year period (2011-2015), the student received a Pell Grant or Direct Loan at the institution performing the review

✔ If so, no additional action is required unless the school suspects an Unusual Enrollment History, thereby selecting for Flag ‘3’

✖ If not, must follow guidance provided for UEH Flag ‘3’

UEH – Flag Value ‘3’ Resolution

Must review the student’s academic records to determine if the student received academic credit at all institutions the student attended, including the current school, where Pell Grants or Direct Loans were received during the four-award-year period (2011-2015), as identified in NSLDS

✔ If so, no additional action is required unless the school suspects an Unusual Enrollment History

✖ If not, student is no longer eligible for Title-IV aid, but may appeal to the financial aid office for continuation

• School may rely on academic transcripts it already possesses, or obtain them from the student
  - Transcripts or grade reports need not be official

• Student may self-certify, if a transcript can genuinely not be obtained, that credit was not earned at a given institution
UEH – Student Appeals

• Student must provide documentation explaining why s/he failed to earn academic credit

• School must determine whether the documentation supports:
  - The reasons given by the student for the failure to earn academic credit, and
  - That the student did not enroll only to receive credit balance funds

• Institutional determinations are final and not appealable to the Department

---

Examples of possible reasons for UEH

- Personal reasons
  - Illness, family emergency, relocation, military obligation

- Academic reasons
  - Enrollment at an institution that presented unexpected academic challenges
  - The academic program did not meet the student’s needs

- Third-party documentation to support the student’s claims should be obtained, to the extent possible

---

If school approves a student appeal, it may:

• Require the student to establish an academic plan (similar to Satisfactory Academic Progress appeals)

• Require counseling on the impact of the student’s attendance pattern on future Pell and Direct Loan eligibility

---
UEH – Student Appeals

If school denies a student appeal:

- Student must be provided an opportunity to question and appeal the decision
- Student must be provided with information on how to regain eligibility
  – Successful completion of academic credit is the basis for a student’s request for renewal of eligibility

UEH – Eligibility after Resolution

- Eligibility for Pell Grant and Campus-Based funds begins with the payment period in which the student regains eligibility
- Direct Loan eligibility is retroactive to the beginning of the enrollment period

UEH – FAQ

If a student’s 2014-2015 ISIR included a UEH Flag of ‘2’ or ‘3’, but in 2015-2016 the UEH Flag value is ‘N’...

- If you have previously resolved the 2014-2015 UEH Flag, no further review is required
- If you have not satisfactorily resolved the 2014-2015 UEH Flag, you should, but are not required to, hold disbursement of Title IV aid for 2015-2016 until it is resolved
  - In doing so, you must review records for the four most recent award years
UEH – FAQ

If a student’s UEH Flag of ‘2’ or ‘3’ is likely triggered because the student moved from undergraduate to graduate school...

• The UEH Flag must still be resolved!

UEH – Resources
